

*“Without a sense of urgency, desire loses its value” Jim Rohn*

**Development of  
entrepreneurship capabilities:  
Focal areas for incubators and  
accelerators**

**In pursuit of excellence**

Presented by Dr. T Lose  
Director SLP & CfERI  
tlose@wsu.ac.za

## **Presentation Objectives**

The aim of this presentation is to:

- Present focal areas relevant to incubators and accelerators for the development of entrepreneurship capabilities.
- Consider the role of higher education and training in the development of focal areas for the development of entrepreneurship capabilities.
- Provide possible strategies for the development of entrepreneurial capabilities.

**Development of  
entrepreneurial  
capabilities: focal areas for  
incubators and  
accelerators**

- Inculcating an entrepreneurial personality.
- Competency building – entrepreneurial skills and competency development.
- Resource mobilisation – intellectual and material resources.

**Higher education and training in the development of focal areas for the development of entrepreneurship capabilities.**

- Curriculum re-design.
- Learning environment modification.
- Strengthening industry-university links.
- Government and other stakeholders involvement.

# Possible strategies for the development of entrepreneurial capabilities

- Sustaining entrepreneurial education in university.
- Capacitating entrepreneurs and accelerators.
- Creation of an entrepreneurial education curriculum.

**The worst thing that can happen to mankind is to become civilised** David Goggings.

**I thank you!**
